for residential and commercial applications

WALL PLATES

# Decorator **iNSULATED** COVER UPS **i**

7 Patents Issued - 4 Utility & 3 Design

- Gasketed for improved energy efficiency
- Convert outdated receptacles with a fresh look in seconds
- Cover-Up's save time and money
- Increased internal support ribs prevents damage
- Built from durable high impact PVC
- No electrical work required
- Receptacle protection
- Easy to install

## Designer COVER UPS

- Cover up's give a designer look to your home
- Can be painted or wall papered
- Increased internal support ribs prevents damage
- Built from durable high impact PVC
- No electrical work required
- Receptacle protection
- Easy to install

## Decorator COVER UPS

- Convert outdated receptacles with a fresh look in seconds
- Cover-Up's save time and money
- Increased internal support ribs prevents damage
- Built from durable high impact PVC
- No electrical work required
- Receptacle protection
- Easy to install
